

Mayor Handley welcomed Anitra Nallis Patterson

### **HEAVENLY WINGS & THINGS FOOD CART**

Anitra gave the Mayor and Council photos of the food trailer. She explained that she was trying to find a commissary to use. The Mayor noted that food trucks are something that the Council is interested in addressing with an amendment to the Columbiana's Zoning Ordinance. She explained that she is interested in locating in a single location and pull the food trailer in daily and remove it at night.

Anitra is scheduled to be set up for the Liberty Day celebration as a vendor. The Council asked Mrs. Patterson to bring her request back to the Council for consideration once she has the approval from Health Department and a commissary selected.

### **BROADWAY GROUP – DOLLAR GENERAL**

The Mayor and Council discussed at length the Broadway Group’s building that they are building for Dollar General. This proposed building is in the gateway into our city. The entire council expressed that the City of Columbiana is working to improve our standards for buildings in our town and the façade of this building is not what they want built. The Council is planning to rework the city ordinances and lay out a minimum standard for new buildings in Columbiana. All of the Council expressed and we don’t want a rectangular metal building and have offered any legal means in making minor changes to enhance the look of this building. Broadway has been unwilling to consider any change – even if it will not cost them anything.

City Clerk Mark Frey stated that Broadway needs the plat signed off on again. A representative from Dollar General spoke with the Mayor and stated that perhaps they should keep the store where they are or leave town. The Mayor and Council expressed that if staying where they are now is an option, they would prefer that over a big metal box. The Mayor and Council unanimously agreed that the Clerk will not sign off anything and negotiation attempts with Dollar General will continue.

### **AMERICAN FLAG ON THE COURTHOUSE**

Mayor Handley discussed the possibility of getting the American Flag placed back on the Courthouse. This project has been evaluated and there will be an approximated cost of \$3500 to install the system used to raise and lower as well as light the flag properly. The flag will also be changed out twice per year. Every Council member in attendance expressed that they would love to have that flag back on the courthouse and instructed the Mayor to see what can be done to make that

happen. The Mayor stated that he would be speaking with the County about this possibility and he would report back to the Council.

### DECORATIVE STREETLIGHT LED BULB UPGRADE PROJECT

The Council discussed the possibility of changing out the ballast and bulbs to a new LED unit. The current units are 185 watts and include a 150 watt bulb and 30 watt ballast. The new fixture will be a 34 watt self-contained unit that doesn't require ballasts. The Cost of this project is projected to be approximately \$13,000 to change out the decorative light bulbs on Main Street. We will have a substantial savings on power and should expect a 2.5 to 3.5 year ROI. The Council asked City Clerk Mark Frey to prepare a resolution for consideration at a future council meeting.

### MAYORS REPORT

- **CITY PARK GRAFFITI** – Mayor Handley read a letter that he received this week from a concerned visitor to our City. They also sent pictures that were circulated with the Council. There is graffiti inside many of the slides and the Mayor said that we would like to do something to prevent this vandalism. On the outside the equipment looks pretty good, but on the inside there is graffiti and filth. They want to discuss at the next work session and look into additional cameras to help monitor the park. The Mayor asked Allen to see what needed to be done to get this equipment cleaned up.
- **RASCAL RAIL “HOODLUM” HISTORY TRAIL** - Mayor Handley said that there is some movement on this trail and everything depends on where we are allowed to build this new trail. The gas company has been looking at the actual location of the gas line and it is not always in the middle of the old railroad bed. The gas company needed one more map and they will be meeting with the City to see what can be done on the trail.
